What is this document and why do we have it?

Schools must publish a SEND Information Report each year to explain how we identify, support and review provision for children with Special Educational Needs and Disabilities (SEND). This report is written for parents and carers in a clear, accessible format.

How many children at Ashchurch have SEND?

We currently have 151 pupils on roll, with 6 pupils holding an Education, Health and Care Plan (EHCP) and 18 pupils receiving SEND Support. We are seeing an increase in needs relating to social communication, interaction, and sensory processing.

Who is responsible for SEND?

Our SENDCo is Mrs Bushell. She is supported by Mr Rickaby (Deputy Headteacher). The SEND Governor is Julia Moore. Together, they oversee SEND provision across the school.

How does the school know if my child has SEND?

Teachers monitor progress closely. If they have concerns, they will discuss these with you and the SENDCo. Assessments, observations, and information from external professionals are used to identify needs. We follow the graduated 'assess, plan, do, review' approach.

What support is available for my child?

We provide a wide range of interventions depending on need, including:

- Play therapy (Pinch of Positivity)
- Mental health mentoring (Change is Change)
- ELSA (Emotional Literacy Support Assistant)
- Equine therapy (Stablemates)
- Nessy literacy support
- ESOL support for pupils with English as an additional language
- Phonics Codebreakers (KS2)

In addition, staff are training in Trusted Emotionally Available Adult (TEAA) from January 2026, and all staff received Inclusion Needs You training in March 2025.

How will I be involved in decisions about my child's support?

We gather parent views in a variety of ways, including parents' evenings, surveys, meetings, annual reviews, and informal check-ins. We believe in strong home-school partnerships and value your input.

How do children share their views?

We encourage pupils to take an active role in their own plans. Children use 'My Passports' and 'My Assessments' to share their views, strengths and aspirations.

Who else might work with my child?

We work closely with external agencies including:

- Educational Psychologist (EP)
- Speech and Language Therapy (SALT)
- Advisory Teaching Service (ATS)
- Child and Adolescent Mental Health Services (CAMHS)
- School Nursing Team
- Altus School Alternative Provision
- GARAS (Gloucestershire Action for Refugees and Asylum Seekers)
- Stablemates (equine therapy)
- Change is Change (mental health mentoring)
- Pinch of Positivity (play therapy)

How does the school support transitions?

We know that times of transition can be challenging for pupils with SEND. We support transitions by:

- Starting Reception – liaising with nurseries, pre-schools and parents to gather information. We arrange additional visits, phased entry or meetings with key staff where needed.
- Moving between schools – we share records promptly and liaise with the receiving school's SENCo to ensure continuity.
- Transition to Secondary – we hold transition meetings with the secondary SENCo, invite secondary staff to meet pupils, and provide enhanced visits and buddy systems where required. Individual transition plans are developed for pupils who need extra support.

How do staff stay up to date with SEND practice?

Staff training is ongoing. All staff attended Inclusion Needs You training in March 2025. We receive regular input from external specialists, including supervision for our ELSA. TEAA training for staff is scheduled for January 2026.

How do we know if the support is making a difference?

The impact of interventions is reviewed regularly by teachers, the SENDCo, and external professionals where involved. We use the 'assess, plan, do, review' cycle to monitor progress. Parents are kept updated at least termly, or more frequently if needed.

What if I'm unhappy with the support my child receives?

If you have concerns, please speak first to your child's class teacher or the SENDCo. If the matter is not resolved, you can follow the school's complaints procedure, available on our website.

Where can I find more information?
