**Sports days** or field days are events staged by many schools in which people participate in competitive sporting activities, often with the aim of winning trophies or prizes.

**Sports days are a long-standing tradition in British primary schools**

Though they are often held at the beginning of summer, they are staged in the autumn or spring seasons, especially in countries where the summer is very harsh. Schools stage many sports days in which children participate in the sporting events.

My own sporting hero is **Ronaldo**

At 15, Cristiano was diagnosed with a racing heart and he could have hung up his boots already at 15.

Cristiano was the last child in the family to be born. His dad Jose was a heavy drinker, and his mum Maria was a cook and a cleaner.

In 2014, Ronaldo was the highest paid player with his earnings, salary, off field earnings and bonuses were £73 million.

When Ronaldo was 14, he threw a chair at a teacher because he mocked his accent and his mum told him to focus on his football.

In 2009, Ronaldo won the Puskas award for the best goal of the year on his return to Portugal against Porto for Manchester Utd.
