

## *Career Assignment: Doctor*

### *Task 1: Hand Washing*

*Doctors have to be AMAZING at handwashing to stop the spread of germs.*

*Wear a pair of plastic gloves (that you don't mind getting a bit messy!). Use paint to 'wash' your hands in 20 seconds. What parts did you miss?*

It is important to wash your hands because...

### *Task 2: Calling an ambulance*

*Sometimes, you will need to call an ambulance in an emergency - it is a very important thing to remember as it can save lives.*

*Write a script that someone in your house might need to follow if they call an ambulance. What information would be really important?*

*Use some role-play to practise once your script is completed!*
