

The background is a complex, abstract geometric pattern composed of numerous overlapping triangles and polygons in a variety of colors including yellow, orange, red, pink, purple, blue, and green. The pattern is dense and colorful on the left side, gradually fading into a plain white background on the right side.

HOUSES

By Daksh Madhu

What is a house

- A house is a single-unit residential building, which may range in complexity from a rudimentary hut to a complex, structure of wood, masonry, concrete or other material, outfitted with plumbing, electrical, and heating, ventilation, and air conditioning systems. Houses use a range of different roofing systems to keep precipitation such as rain from getting into the dwelling space. Houses may have doors or locks to secure the dwelling space and protect its inhabitants and contents from burglars or other trespassers.

Different materials used for making any house

- Bricks
- Cement
- Glass (windows)
- Wood
