Dear Jonathon

Hey John, It's Basil. Can you remember me? We met at summer camp. I hope you and your family are doing well. I was informed by my parents that you were moving school and that it was the same one as mine. I bet you're really nervous. I was nervous on my first day but I got over it. My first day of school was awesome and I made so many friends. All the teachers are really funny. Believe it or not, you get to do gardening when you're in y5. My favorite part of school is playtime like all children. Did you know they have a playground and a field. I like going on the field more than going on the playground  
Good Luck!

Yours Sincerely

Basil
